Gulnara Tagirdzhanova

Edmonton, AB, Canada
tagirdzh@ualberta.ca
metalichen.github.io

Research Interests

I study the evolution of fungal-algal symbioses, known as lichens. For my current project, I apply cutting-edge bioinformatics methods combined with wet-lab techniques to try to understand how microbial partners communicate in the symbiotic setting and what each of them contributes to the system.

Education

Present **University of Alberta** *Edmonton AB, Canada*	**PhD candidate** in Systematics and Evolution GPA 3.9 (4.0 max). Expected graduation: Aug 2022 Advisor: Dr. Toby Spribille Projects: Metagenomics of lichen symbiosis (PhD project), Lichens of Alberta
2017 **St. Petersburg University** *St. Petersburg, Russia*	**MSc.** in Biology GPA 4.0 (4.0 max). *Diploma cum laude* Supervisor: Dr. Irina Stepanchikova Projects: Globally endangered lichen Erioderma pedicellatum in Kamchatka (MSc. Thesis)
2015 **St. Petersburg University** *St. Petersburg, Russia*	**BSc.** in Biology GPA 3.9 (4.0 max). *Diploma cum laude* Supervisor: Dr. Irina Stepanchikova Projects: Epiphytic lichens of aspen in old growth forests of the Valday upland (BSc. Thesis), Lichens of Leningrad region and St. Petersburg
2017	**Additional education: Data Analysis** Online certificate program organized by the St. Petersburg Academic University and Bioinformatics Institute

Awards and Funding (total ~$86,000)

Scholarships:

2020–	Alberta Innovate Graduate Student Scholarship (UAlberta, $62,000)
2020	Alberta Graduate Excellence Scholarship (UAlberta, $12,000)
2013–2017	Increased State Academic Scholarship for Excellence in Research (St.PU, $10,000)

Awards:

2020	Lionel Cinq-Mars Award for the best oral presentation ($500)
2019	Second prize at the departmental 3 Minute Thesis Competition ($100)
2018	St. Petersburg Naturalist Society Award for the best MSc thesis ($100)

Grants:

2018	Genetics Society of America Travel Grant ($400)
2018	International Symbiosis Society Congress Travel Grant ($300)
2014	St. Petersburg University Travel Grant ($400)

Selected Publications (see end of CV for the full list)

Invited Talks

2021	Students Mycology Colloquium (Mycological Society of America)

Selected Conferences

2021	Canadian Fungal Research Network Meeting (oral presentation)
2021	The British Lichen Society Annual General Meeting (oral presentation)
2020	Canadian Botanical Association Virtual Meeting (oral presentation)
2020	Dr. R. E. Peter Biology Conference. *Edmonton, AB, Canada* (oral presentation)
2019	3rd International Conference “Bioinformatics: from Algorithms to Applications”. *St. Petersburg, Russia* (poster presentation)
2019	30th Fungal Genetics Conference. *Pacific Grove, CA, USA* (poster presentation)
2018	International Symbiosis Society Congress. *Corvallis, OR, USA* (poster presentation)
2017	International Conference “The use of modern information technologies in botanical investigations”. *Apatity, Russia* (oral presentation)
2016	VIII Symposium of the International Association for Lichenology. *Helsinki, Finland* (poster presentation)
2014	II international conference “Lichenology in Russia: problems and perspectives”. *St. Petersburg, Russia* (poster presentation)
2014	XIX Symposium of the Baltic Mycologists and Lichenologists. *Šķēde, Latvia* (poster presentation)

Teaching and Supervising experience

2020–	**Co-supervisor** to an undergraduate student working on a research project (BIOL398, BIOL498). The student presented a poster at the 2020 CBA Virtual Meeting
2018–2019	**Teaching assistant**, University of Alberta. Taught labs for BIO108: Introduction to Biodiversity, BOT306: Biology of the Fungi
2014–2016	**Teaching assistant**, St. Petersburg State University. Taught labs for Biology of the fungi, lichens, and algae.

Guest lectures:

2021	BIO46: Introduction to research in ecology and evolutionary biology (Stanford University)
2020	BOT306: Biology of the Fungi (UAlberta), MATH322: Introduction to Graph Theory (UAlberta)
2019	BOT306: Biology of the Fungi (UAlberta), BIOL322: Microbial Diversity and Evolution (UAlberta), BIOL430: Experimental Biology (UAlberta)

Service

2021–	**CanFunNet 2022 Conference Organizing Committee,** *Member*
	Biology Graduate Students' Association UAlberta:
2020–2021	*President*.
2020–2021	*Graduate student representative* at the Departmental Council.
2020–2021	*Co-organizer* of Dr. Richard E. Peter Biology Conference (UAlberta).
2019–2020	*Volunteer*: Co-organizer of the weekly BGSA Coffee Hour.
2019–2020	**EDI (Equity Diversity Inclusion) Committee at the BGSA,** *Member*
2020–2021	**Working Group for Respect, Equity, Accountability and Departmental Culture,** *Member and grad student representative*
2020–	**The Science Mentors,** *Mentor, Speaker:* TSM is a mentorship program for STEM undergraduate students.
2020–	**Journal peer reviewer** for The Lichenologist, Symbiosis
2017	**Volunteer** at the 1st International Conference "Bioinformatics: from Algorithms to Applications".

Science Communication

2019	Member of Research Zone **Science Communication Program** organized by Telus World of Science
2019	**Invited speaker** at The Great Alberta Mushroom Foray

2018	**Lichen expert** at the Tombstone Park BioBlitz in Yukon, Canada (BioBlitz is an event bringing together biologists and nature enthusiasts from public, and focused on describing biodiversity of a certain area)
2017	Presented at the **workshop** "Lichen Revival III: Rediscovering Macrolichens in the Canadian Rockies"
2017	Co-teacher at the **field seminar** for students and NGO volunteers "Nature Conservation and biologically valuable forests"
2011–2017	Co-organizer and judge for **biological conferences** and contests for high school students (Student conference "Future Scientists" 2011, 2017; Biology Olympiad 2011–2017; Youth Biology Tournament 2011–2013).

Nature Conservation Efforts

2017	**Contributed** to project of Valhalla Wilderness Society dedicated to the protection of Inland Temperate Rainforests in British Columbia
2012–2017	Participated in research leading to establishment of several **Nature Reserves** in Russia, Participated in monitoring of **endangered species**
